Care tailored to your needs

Baptcare The Orchards Community provides the best of care based on each resident's individual requirements, including:

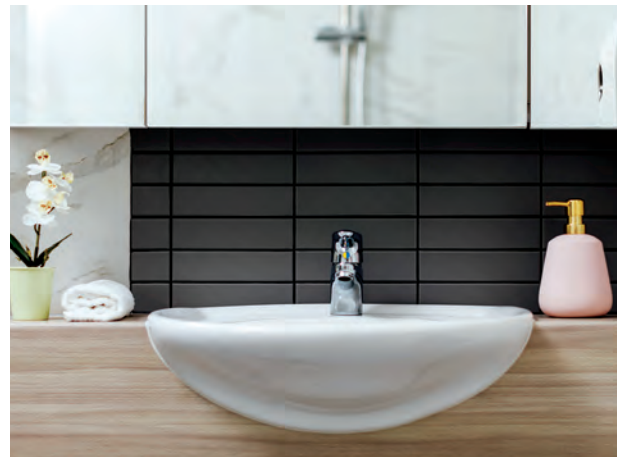

- All levels of residential aged care (low to high)
- Respite care
- End-of-life (palliative) care.

Our respite care is for people in need of temporary accommodation – for example, those who are recovering from illness or who want to give their usual caregivers a break.

What the bedrooms include:

- > A spacious private room with ensuite bathroom
- > Individually controlled air-conditioning and hydronic heating
- > A large window with an external view, or internal view to a landscaped courtyard
- > High-quality modern furniture and fittings throughout
- > Built-in wardrobes and lockable storage

Who is eligible for a place at Baptcare The Orchards Community?

Baptcare The Orchards Community is a residential aged care community. This means it is for older people who need a higher level of care than what can be provided at home.

We welcome everybody who requires residential aged care, and strive to provide an inclusive community for all, no matter their beliefs, financial situation or background.

For respite stays, both government-funded (i.e. for people who are ACAS-approved or on a Home Care Package) and self-funded places are available.
