Time to consider  
*residential  
care?*

A change in health, or increasing concern about fragility or safety at home, might mean that you need to consider residential care to ensure the right level of support. It's a time of change and uncertainty for families.

About our

# Facilities

Our accredited aged care homes in Victoria and Tasmania provide support and a welcoming environment for new residents and their families. We draw on over 70 years' experience in aged care, along with the skills and commitment of our trained, understanding staff.

As a faith-based, not-for-profit organisation, we offer the highest level of care and emotional support to our residents. We listen to and value each person's individual needs.

## Around-the-clock care

Our care is nursing-led, meaning it caters for the broad range of changing, sometimes complex health needs of our residents. We provide assistance from the most basic supervision right through to expert intensive aged care for every aspect of daily living.

## Our residents receive attentive and high-quality clinical care:

- Registered Nurses provide care on-site 24 hours a day, seven days a week
- Our homes are managed by senior Registered Nurses, bringing years of aged healthcare experience into day-to-day care practices
- We employ experienced Registered Nurses as Unit Managers for a specific group of residents, providing a senior staff member as a consistent contact point for residents and their families.

## Sharing interests and daily life

We understand that the routines of daily life are very important, so we focus on providing a comfortable and vibrant environment for our residents.

Our chefs work with dietitians and nutritionists to create tasty, healthy menus that support wellbeing. And we work with residents to cater for specific cultural or health-related dietary requirements.

Residents enjoy time with others through our social and therapeutic activities program. We offer a broad range of social activities, including music, art, entertainment and regular bus outings.

As part of providing a homely environment for residents, we welcome visitors at any time of the day. We invite family and friends to use our shared spaces and be part of activities and mealtimes.

## We'll sit with you and listen

We know that considering residential aged care, or needing to move quickly from the family home, is a difficult time for families. We make a particular effort to support residents and their families, both in our day-to-day care and as part of our ongoing pastoral care services.

Through calm and attentive listening, our trained Chaplains offer an important addition to our care for all residents and their families – whether you are from a religious background or not.

Since 1945, Baptcare has strived to provide the best care possible to people in need, and to respect the choices of everyone we support.

The aged care services we provide are not just a business. They represent our strong commitment to high-quality care and a welcoming community for all, no matter their beliefs, financial situation or background.
