

Home Care Packages Services Pricelist

**FEE SCHEDULE
EFFECTIVE
1 July 2025**

The HCP Program supports older Australians with ageing related care needs to live independently in their own homes. Home care packages deliver co-ordinated packages of care and services to meet people's assessed ageing related care needs within the limits of their individual home care budget and the scope of the Program.

Home Care Packages Management Fees

**FEE SCHEDULE
EFFECTIVE
1 July 2025**

The HCP Program supports older Australians with ageing related care needs to live independently in their own homes. Home care packages deliver co-ordinated packages of care and services to meet people's assessed ageing related care needs within the limits of their individual home care budget and the scope of the Program.

Package management fees

This fee covers the cost of administration and organisational activities involved in managing your Home Care Package, including preparing your Home Care Package statements, claiming, and reporting through government systems, and compliance and quality checks. This is calculated daily and charged as a monthly fee which will be detailed on your Home Care Package monthly statement.

Care management fees

This fee relates to the ongoing assessment and planning undertaken to ensure that you receive the care and services you need. This includes:

- regular assessments of your needs, goals and preferences
- reviewing of your home care agreement and care plan
- ensuring your care and services are aligned with other supports
- partnering with you and your representative about your care and services
- identifying and addressing risks related to your safety, health and wellbeing.

From 1 July 2025, the Living Well Fees Schedule for case management and package management.

Living Well	fee per fortnight	Level 1	Level 2	Level 3	Level 4
Package Management Costs		\$62.86	\$110.57	\$240.75	\$364.92
Care Management Services		\$63.98	\$112.51	\$244.99	\$371.35
Baptcare total deductions		\$126.85	\$223.08	\$485.74	\$736.27

Income Tested Care Fee

If you are a part pensioner or self-funded retiree, you may need to pay an income tested fee. This is a fee that is assessed and set by the Commonwealth Government. Services Australia calculates this fee, and it reduces the subsidy the government provides for your home care package. If you are assessed and required to pay the income tested care fee, Baptcare will collect this fee on behalf of the Commonwealth Government.

Fees not charged by Baptcare

- Establishment fee: No initial set-up costs to come on-board.
- Basic daily fee: We don't ask you to contribute to the cost of your services through this out-of-pocket fee.
