## *We make sure that you have what you need to keep living well at home.*

**Living in your own home can allow you to keep doing what's important to you.**

But it can also have its challenges. Perhaps you find it hard to maintain the garden, or do the shopping, or keep up with the cleaning?

Maybe showering is difficult? Or you can't easily get to your medical or social appointments? Perhaps your family could do with some support?

Whatever your specific needs, we can help. We'll make sure you have what you need to keep living well at home so that you can continue to do the activities you love.

We also provide more than just practical assistance.

Our people genuinely care – they will treat you like family with the compassion and dignity you would expect.

## *Why Baptcare?*

We provide a flexible, tailored approach to home care. We have been providing government-funded program services to Victorians for over 30 years – and each year we help more than 4,000 people to live well in their own home and continue to engage in the activities they enjoy.

In providing our home care services, we draw on more than 80 years' experience in service delivery. We are an organisation that cares for people of all ages, cultures, beliefs and circumstances.

## *What you can expect from Baptcare?*

- ✓ Care coordination – where your needs are reviewed regularly by a professional with the appropriate expertise
- ✓ A government-approved provider that meets the Aged Care Standards set out by the Australian Aged Care Quality Agency (AACQA)
- ✓ Over 80 years' experience in providing services across various communities and service groups
- ✓ A provider that understands and can help you navigate My Aged Care
- ✓ A not-for-profit provider that reinvests its funds into community projects

***“I help in whatever way I can to allow people to live independently and with the best possible quality of life.”***
