

Commonwealth Home Support Program

# Price Guide 2025/26

# Love living at home

At BaptistCare, our tailor-made Home Care services can support you to stay living at home - on your terms. Because we know it's not just about being surrounded by treasured memories or having things just the way you like them, it's about staying connected to your community and the people who love that you're a part of it.

## Funding your care

### Commonwealth Home Support Program (CHSP)

CHSP is a government-funded program designed to help you stay living independently at home. If you're eligible, you may be asked to make a co-contribution, depending on your circumstances.

Not sure if CHSP is right for you? You can contact My Aged Care on 1800 200 422 or visit their website at [www.myagedcare.gov.au](http://www.myagedcare.gov.au) to learn more about your eligibility. If you'd like, we can help you understand the process and what it means for you.

### Privately Funded Services

If you're waiting for government funding, or simply want a little extra support, we're here for you. Our experienced, caring team can tailor services to suit your needs, when you need them.

If you have private health insurance, you may also be able to claim a rebate on some services. It's worth checking with your provider to see what's included.

## Who is the Commonwealth Home Support Programme suited to?

If you are looking for entry level support at home, the CHSP might be where you start your Home Care journey. This government-subsidised service helps you live well and independently at home, supporting with everyday tasks such as cleaning, gardening, grocery shopping, and getting out to group activities in the community.

If you're finding you need a little more ongoing support, Support at Home (SaH) may be a better fit for you. We can help you understand what's right for your situation and walk alongside you as your needs change.

CHSP could be right for you if:

- \* You only need a small amount of support to keep living independently at home
- \* You're currently on a lower-classification of Support at Home and are waiting for a higher classification to be approved, with approved access to some additional CHSP services
- \* You're on the waiting list for Support at Home and have been approved to receive CHSP support in the meantime

Wherever you're at, we're here to help you stay supported, confident, and comfortable at home, on your terms.

# Home Care with BaptistCare

BaptistCare is a leading purpose-led care organisation, having served people and communities across Australia for more than 110 years. Guided by our strong Christian identity, we support more than 70,000 customers to live well with dignity and purpose.

At BaptistCare, everything we do is centred around helping you live independently at home, in a way that feels right for you.

Even though the CHSP program provides lower-level support, our care goes beyond the basics. Our team takes the time to understand what matters most to you—the little things that make a big difference in your day.

We're always looking for ways to support you better, with care that's thoughtful, responsive, and shaped around your preferences, so you can continue living life on your terms.
